

RVSD Fee Schedule

Effective July 1, 2022, per RVSD Ordinance 92

The following fee schedule includes Ross Valley Sanitary District Sewer Capacity Charges and Permit Fees. Fees increase annually each year on July 1. **All permit fees and capacity charges are non-refundable.** In addition to these fees, the District collects fees for Central Marin Sanitation Agency (CMSA). Please see CMSA fee schedule.

- **Lateral Permit** = \$266.00
 - One inspection included. Additional inspections = \$225.00
- **New Connections Permit** = \$728.00
 - Capacity Charge per EDU* = \$7,339.00
 - Additional fixtures beyond 23 DFUs** = \$318.00 per DFU
 - Two inspections included. Additional inspections = \$225.00
- **Major Remodel Project** (value of \$75,000.00 or greater) = \$728.00
 - \$318.00 per added DFU
 - Two inspections included. Additional inspections = \$225.00
- **Minor Remodel Project** (value under \$75,000.00) = \$419.00
 - \$318.00 per added DFU
 - One inspection included. Additional inspections = \$225.00
- **Accessory Dwelling Unit (ADU)** = Permit fees based on “Major” or “Minor” Remodel Project
 - Capacity Charge for Type 1 and Type 3 ADU = No charge
 - Capacity Charge for Type 2 and Type 4 ADU based on number of new DFUs.
 - Credit is given for existing DFUs on the same parcel. To receive credit, the number of pre-ADU DFUs on the parcel must be verified by District staff.
 - \$318.00 per added DFU
- **Discharge Permit or Pool Drain** = \$413.00
- **Public Sewer Extension (PSX)** = \$10,548.00. Refer to the PSX Application for full description.
- **Special Projects** = Based on time and materials. Please ask for more information.
- **Service Resumption Fee** = 50% of missed annual Sewer Service Charges. If Sewer Service Charge payments cease for longer than a 12-month period, a Sewer Resumption Fee will be due in order to resume sewer services.

***EDU** – Equivalent Dwelling Unit, meaning a residential Single-Family Dwelling Unit that includes up to 23 DFUs per the District.

****DFU** – Drainage Fixture Unit, meaning the units of measure of wastewater generation from plumbing fixtures as defined in the California Plumbing Code.
